Dear Delegates,

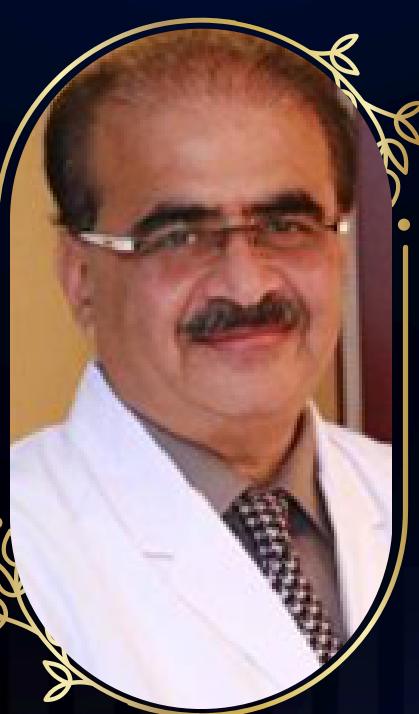

PSG Hospitals is proud to announce PSG FETAL ECHOCON 2026, a dedicated two-day scientific event focused on the evolving landscape of fetal cardiology imaging.

Scheduled for February 7th - 8th, 2026, at the PSG B Block Auditorium, this conference brings together leading experts and passionate clinicians to master the nuances of the fetal heart. Expect an engaging program filled with practical insights and cutting-edge imaging protocols that you can implement immediately in your practice.

Secure your spot for this essential update in fetal medicine. Let's advance the future of fetal cardiology together!

Warm regards,

## PATRONS
